

BROCKPORT POLICE DEPARTMENT

SPARTAC

WHAT IS SPARTAC?

SPARTAC stands for Students, Police and Residents, Together Against Crime. The Brockport Police Department sponsors and coordinates the program. SPARTAC is based on the successful, 30-year-old Rochester Police PACTAC program.

The purpose is to empower community residents to assist police in preventing crime and improving the quality of life in village neighborhoods.

DANIEL P. VARRENTI,
CHIEF OF POLICE

SPARTAC COORDINATOR
Sgt. Mark Cuzzupoli
1 Clinton Street
Brockport, NY 14420
Tel: 585-637-1020, ext. 41

Volunteers wear SPARTAC uniforms and carry cell phones and police radios. They patrol village streets and look for suspicious situations, criminal activity, and people in need. The patrol teams are trained to observe and report these situations to the Brockport Police Shift Supervisor and the 911 Center.

SPARTAC patrols observe and report. They do not physically apprehend suspects and are trained to keep a safe distance from trouble. SPARTAC patrols may render humanitarian assistance.

TRAINING

Before being assigned to a patrol team, SPARTAC recruits undergo an application process and background check, followed by training from Brockport Police. The training consists of:

- Professional demeanor (compliance w/ rules & regulations)
- Article 35 & basic law
- Report & Deposition writing
- Radio and communication procedures
- Observation skills & patrol techniques
- Volunteer safety

PATROLS

Trained recruits are assigned to walk with veteran members for their first few patrols. They must also participate in a Police Ride Along to finish their training. Patrols begin and end at the Police Station. Volunteers check in with the Shift Supervisor and meet up with at least one patrol partner, check out equipment and head out. Volunteers patrol on foot or bicycle. At shift's end the patrol team files a report, checks in their equipment, and goes home.
